

Commission Plan

Introduction

The Tessellate commission plan was put together with two objectives; the ability to earn a rewarding income and to keep it simple.

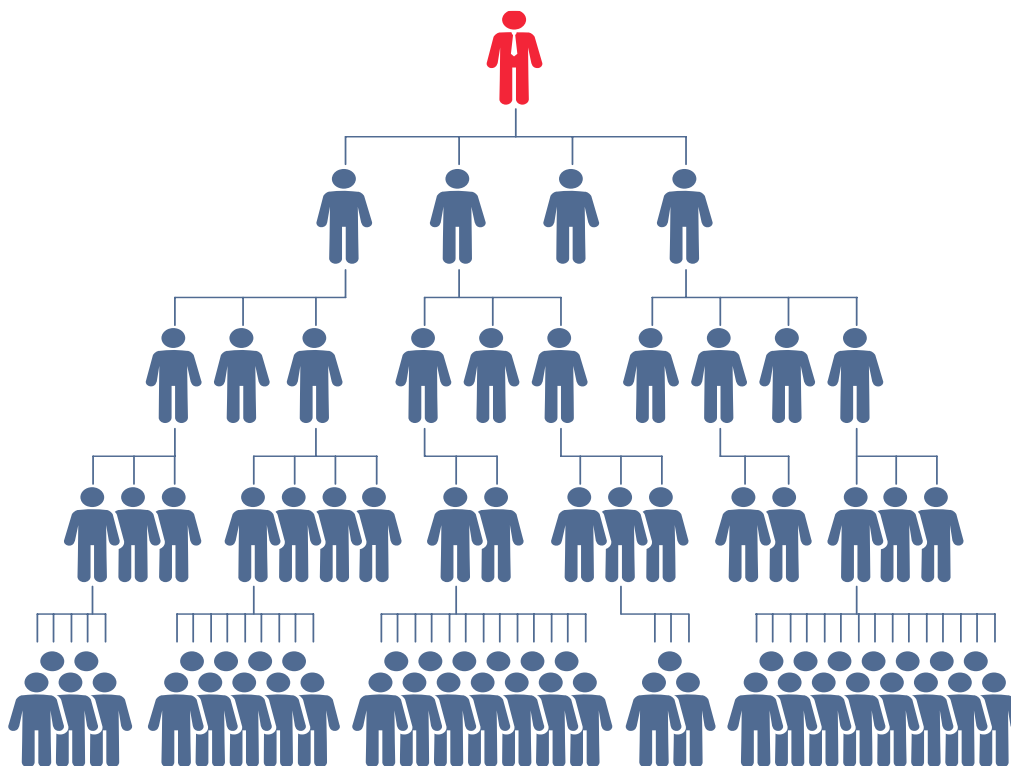

We have devised a straightforward and lucrative commission plan that pays on percentages, not points.

You can earn a great upfront weekly commission through customers sales and recruiting new Advocates.

As you grow your organisation and promote through the ranks, you open levels of earning, and can work towards building a rewarding residual income.

Unilevel Structure

Our commission plan is built on the Unilevel structure; which allows you to enrol an unlimited amount of advocates, with the potential to earn 8 levels down on your entire organisation.

Ways we Earn

Personal and Customer Sales- Earn 25% on all personal purchases placed and/or customer sales.

Team Commissions- Earn additional commissions based on % up to 8 levels deep on an unlimited frontline/width level as per rank requirements.

Rank Bonuses- Earn an additional bonus, paid the following month upon achieving a Tessellate Rank for the first time.

Let's go into more detail...
